Operations)

Case No. AP-93-03

By application filed January 27, 1993, B&W Transportation, Incorporated (B&W or applicant), a District of Columbia corporation, seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a manufacturer's designed seating capacity of 15 or fewer persons, including the driver.

Notice of this application was served on January 28, 1993, in Order No. 4045, and B&W was directed to publish further notice in a newspaper and file an affidavit of publication. B&W complied. The application is unopposed.

SUMMARY OF EVIDENCE

B&W's application includes information regarding, among other things, its corporate status, equipment, facilities, safety fitness, proposed tariff, finances, and regulatory compliance record.

B&W proposes to commence operations with two 12-passenger vans. Applicant's proposed tariff contains individual rates for Medicaid and non-Medicaid transportation and group rates for charter operations.

B&W's vice-president certifies on its behalf that applicant has access to, is familiar with, and will comply with the Compact, the Commission's rules and regulations, and United States Department of Transportation regulations relating to transportation of passengers for hire.

Applicant filed a balance sheet as of December 31, 1992, showing current assets of \$39,500; net fixed assets of \$2,200; current liabilities of \$15,000; long-term liabilities of \$25,000; and equity of \$1,700. Applicant's projected operating statement for the twelve months ended December 31, 1993, shows WMATC operating income of \$155,000; operating expenses of \$131,775; and net income of \$23,225.

It is certified that neither B&W nor any person controlling, controlled by, or under common control with B&W has any control relationship with a carrier other than B&W.

DISCUSSION AND CONCLUSION

This case is governed by the Compact, Title II, Article XI, Section 7(a), which provides in relevant part that:

. . . the Commission shall issue a certificate to any qualified applicant . . . if it finds that --

- (i) the applicant is fit, willing, and able to perform [the] transportation properly, conform to the provisions of this Act, and conform to the rules, regulations, and requirements of the Commission; and
- (ii) that the transportation is consistent with the public interest.

Based on the evidence in this record, the Commission finds B&W to be fit, willing, and able to perform the proposed transportation properly and to conform with applicable regulatory requirements. It is further found that the proposed transportation is consistent with the public interest.
